

Laxmi Industries, an ISO 9001:2015 Certified Company, has a rich heritage dating back to 1940 in the fields of animal feeds and chemicals. Over the past decade, the company has successfully ventured into manufacturing of compounded animal feed pellets with one motto

"QUALITY"

We ardently believe in classical ways and traditions with a twist of modernization, hence the all-natural approach with a modernized animal friendly and palatable feed quality is maintained in our product. We apply our wide experience in the animal feed industry and our scientific intellectuality to obtain innovative R & D solutions to fabricate a

"WIN - WIN" Scenario

Cheap for Farmers

Healthy for Cattle
